CATALOG 1935

Omega Plant Farms

(INCORPORATED)

Omega, Georgia

**Nineteen Years Experience
Growing and Shipping Plants**

To The Trade

In presenting to you our 1935 Catalog, we wish to thank you for past business and ask a continuance of your patronage upon the record of our service in handling your orders.

We know that all our plants are grown from the very best seed obtainable, upon land especially adapted to the growing of plants and in a climate of just enough sunshine and cold to grow for the best quality.

We have a large force of experienced men and equipment for handling plants properly and we know our service is second to none, regardless of the size of your order.

Your diversified program should include at least two acres in our four specials—Cabbage, Tomatoes, Onions and Sweet Potatoes—and an acre of each would not be too much. You will sell on the early and high market by using our strong, healthy field-grown plants.

Our Guarantee—Knowing that seed or plants of the highest quality will often fail through improper treatment due to several reasons, we will not be responsible for the crop. However, we will refill or refund the purchase price on any order of plants not entirely satisfactory.

How to Order Plants—All plants are sold on cash basis, so make remittances by post-office or express money order, drafts or checks. This will save extra cost to you in making collections and refunding money to us by post office and express companies. However, we will make shipments C. O. D. if you prefer them that way. Be sure and state date you want shipment made.

What to do When Plants Arrive—Unpack immediately and if weather is unfavorable for transplanting in the fields put on damp moss, or pack in cellar or some place where they will keep for a few days until weather is favorable for transplanting.

Our Frost-Proof Cabbage Plants are grown in the open fields and can be set much earlier than hot-bed, or cold frame plants. The tops will not make much growth during the cold weather, but the roots will develop and have good root system, and when the weather

BE SURE TO GIVE SHIPPING DATE!

opens up they will make hard headed Cabbage much earlier than home-grown plants. It requires ten to fifteen thousand plants per acre.

We can supply the following varieties:

Early Jersey Wakefield—Best early and extensively used for home and market. Firm pointed heads with few outside leaves.

Charleston Wakefield—Larger and less pointed than Early Jersey, and about ten days later.

Copenhagen Market—Early round-headed variety, popular in all markets, very firm and of the highest quality.

Golden Acre—Earliest round head variety, little smaller than Copenhagen Market and about a week to ten days earlier.

Early Flat Dutch—Sure-heading, compact and early. Heads flattened and solid, larger than other varieties.

Marion Market—A disease resistant strain of Copenhagen Market Cabbage which is very dependable and popular through the north.

Glory or Enkhuizen—Attractive, medium sized, round, solid heads of remarkably fine flavor.

Either of the above varieties of plants at the following prices:

By Mail—Prepaid	Mail or Exp.—Charges Collect

5,000 Plants__ 7.00	20,000 Plants__ 15.00

ALL VARIETIES ARE LABELED!

BERMUDA ONION PLANTS

The Onion Plant business has grown in this section for the past few years until today Georgia is about as heavy shipper as Texas and, frankly, we know our plants are better than Texas grown plants. Onions grown from plants will keep much better than grown from sets, and you will always be glad you included Onion plants with your order. Set from thirty to sixty thousand plants per acre. We can supply the following varieties:

Crystal White Wax—This is a very popular variety, an absolutely pure white Onion of waxy appearance. The sweetest and mildest of all the Bermuda Onions. There is a good demand for this on account of its handsome appearance.

White or Yellow—This is a straw colored variety, exceedingly mild in flavor and very early. A very profitable sort for market gardeners and truckers.

Prizetaker—This variety is famous all over the country, producing large Onions. They are straw color, extremely mild flavor and good keepers.

Riverside Sweet Spanish—Sparkling white flesh. Mild, sweet, good quality and splendid keeper.

Prices on Onion Plants are as follows:

By Mail—Prepaid	Mail or Exp.—Not Prepaid
200 Plants \$.50	1,000 Plants \$ 1.00
500 Plants .90	5,000 Plants 4.50
1,000 Plants 1.30	10,000 Plants 8.00
5,000 Plants 6.00	20,000 Plants 15.00

VEGETABLE PLANTS YEAR ROUND!

If Plants wanted are not listed, write us, we sometimes have varieties not listed in catalog.

PEPPER PLANTS

All Pepper Plants are open field grown, but are not frost-proof. Plants may be set in open, earlier than hot-house plants, as they are hardened by March winds and have been known to withstand light frost. Pepper plants ready for shipment around April 1st on through June. We offer World Beater, Ruby Giant, Pimento, and California Wonder varieties.

By Mail—Postpaid		Mail or Exp.—Not Prepaid	
100 Plants	\$.40	1,000 Plants	\$ 2.50
500 Plants	1.50	5,000 Plants	11.25
1,000 Plants	3.00	10,000 Plants	21.00
5,000 Plants	12.00	50,000 Plants	100.00

SWEET POTATO PLANTS

Our Sweet Potato plants are certified stock and will be ready for shipment about April 1st on through May and June. We will have only the improved Porto Rico variety to offer this season.

By Mail—Postpaid		Mail or Exp.—Not Prepaid	
200 Plants	\$.50	1,000 Plants	\$ 1.50
500 Plants	1.10	5,000 Plants	7.25

CERTIFIED TOMATO PLANTS

The Tomato Plant industry has grown with us until now it is our largest acreage. We are now prepared to give you certified Tomato Plants. This certification shows that plants are true to name and are free of insects and injurious diseases, and have been grown under the supervision of a plant Pathologist. We will have three hundred acres for this season and can take care of your orders, whether for one hundred or a car load. Tomato plants are six to ten inches high, about the size of a cedar pencil, with good root system. Plants are packed with roots wrapped in damp spagnum moss, in well ventilated crates, and can be set in the fields immediately when they reach you. Send your orders in for Tomato Plants at the same time you do Cabbage, or when ready, and be sure to state date you want shipment made. Set from four to six thousand plants per acre.

Earliana—A red early Tomato; very popular for home use.

John Baer—About ten days later than Earliana; bright red and very attractive.

Bonny Best—Favorite bright scarlet early variety, very vigorous growth and heavy yielder.

Break O' Day—The earliest, disease resistant, globe shaped, scarlet fruited Tomato yet introduced.

Marglobe—This variety is recommended for its resistance to wilt and nail head rust. Fruits are medium size, smooth, red and globular shape. It is a good second early and continues to bear until frost.

Pritchard (Scarlet Topper)—An early heavy cropper, fruits globular shaped, and intense rich scarlet color. Fine all purpose tomato.

Greater Baltimore—This variety is excellent for canning. Produces a large, solid, smooth fruit of bright red color and excellent quality.

Stone—An old stand-by, large, bright red and perfectly smooth.

VEGETABLE PLANTS YEAR ROUND!

TOMATO PLANT PRICES

Tomato plants for shipment during April, May and June at the following prices:

By Mail—Postpaid	Mail or Exp.—Not Prepaid
100 Plants_ \$.40	1,000 Plants_ \$ 1.60
200 Plants_ .75	5,000 Plants_ 7.50
500 Plants_ 1.50	10,000 Plants_ 14.50
1,000 Plants_ 2.50	50,000 Plants_ 70.00
5,000 Plants_ 11.00	100,000 Plants_ 135.00

There were two hundred and fifty solid car loads of Tomato Plants moved from our county last year and it is estimated that there were that many more moved in drop shipments by express and truck lots, making approximately five hundred car loads of Tomato plants shipped last season from this county.
